Dear Human Resource Department:

APPLICATION FOR INDUSTRIAL ATTACHMENT

I am a final-year student, currently pursuing my Bachelor's Degree in Computer Science, majoring in Software Engineering at University Malaysia Sarawak (UNIMAS). I would like to enquire if I could have my industrial training at your company.

I am applying for my industrial attachment in your company for a period of 24 weeks/6month from 22th July 2019 to 4th January 2020. The industrial attachment is a part of our curriculum and is compulsory for all student.

Throughout my studies, I have gained skill required for the IT industry. I have a thorough knowledge in programming language such as C, C++, Java, JavaScript, HTML and PHP. Through these knowledges acquired, I have applied them to my own good and have successfully deployed my own system for both mobile and web application.

I am passionate in developing software application regarding toward reals world application to solve problem and help people towards a better lifestyle. I have the communication skills, teamwork's skills and leadership capability gained from various project and assignment done throughout my college careers. I believe, by joining your company, I would gain an invaluable amount of experience to the betterment not only to myself but also to your company.

I have enclosed my resume, latest academics transcript and verification letter from the university for your assessment. I am looking forward toward your response. Thank you and good day.

Sincerely,

(MOHD RADZI BIN RAMLI)
